Oxford Brookes University

Wi-Fi connection

Q You said

That you reported a lack of Wi-Fi internet connection in your accommodation and that you were dissatisfied with the unreliable customer service.

Q We did

We have now completed a thorough internal review and have improved our processes in contacting customers and ensuring that we have suitable contact details and channels to do that. We have also instigated a regular incident escalation process whereby outstanding incidents are more quickly escalated.

Credit transfer

Q You said

The information given to students going on Exchange regarding credit transfer needs to be clear.

Q We did

We have produced a credit transfer guide which is now available online.

Student feedback is used to shape the improvements we make to our services. Below you can see the improvements we've already made as a result of student feedback.

University of Aberdeen

What you told us:

The PGR website was hard to navigate and confusing.

What we did:

We have completely restructured the website to make it easier to find information, and have rewritten a lot of content, making it easier to understand.

You told us:

You wanted more social events during the day in Welcome Week.

What we did:

We introduced a Picnic in the Cruickshank Gardens to help you meet fellow students during your first days at university.

You said we did

In the Department of Bioengineering we care about the feedback you give us and continually strive to make improvements. This page details some of the changes that we have made in response to your feedback. We'll also email you from time to time explaining what actions have been taken to reduce your issues and suggestions.

Remember - you don't have to wait until a [Staff-Student Committee Meeting](#) to tell us what you think! You're always welcome to pop by the Student Office or talk to your Year Reps or the Dep Rep. Alternatively, you can speak to your Personal Tutor, Lecturers, the Academic Tutor, the Senior Tutor or the Postgraduate Tutor, if you think we could improve something in the Department.

You said: We are confused by the teaching of both C and C++ at the same time.

We did: We simplified things and now use C++ only in the examples.

You said: Can we have a list of all deadlines provided at the start of each term?

We did: The Department provided an online coursework deadlines calendar for all students to view.

You said: Can we have a Google calendar or similar for coursework deadlines?

We did: We created iCal files for all the modules with coursework so students can add them to their own personal calendars on a mobile device, tablet or computer

You Said, We Did 2019

In response to staff and student feedback, here are some of the improvements we've made recently, or that are coming soon. Please keep the feedback coming so we know where to focus our improvements.

University College London

You Said:

“ We want to know about all available IT services when we start at UCL.

We Did:

At start of session 19/20 we visited faculties and schools to give IT induction talks to approximately 6,000 students. Feedback on this was really positive.

You Said:

“ To be able to share the data that supports all research activity and publications on a platform that is open to the whole world.

We Did:

The UCL institutional Research Data Repository was launched in June 2019, enabling the publication, preservation, and curation of data underpinning published research or which is otherwise of value. It supports the principles of Open Science and enables data to be formally cited in publications. Over a hundred deposits have already been received, with approximately a thousand downloads so far.
